

Hogwarts Stuffed Animal

Slumber Party

Kids, have you ever wondered what sorts of mischief your stuffed animals get into at night while you're sleeping? Find out!

The Central Florida Slug Club is offering to send your favorite toy to a magical night at Hogwarts School of Witchcraft and Wizardry! Toys are often known for coming to life overnight, and this time they're going to be off on a grand adventure! They will be sorted into a house just like Harry, Hermione, and Ron, and will get their very own unique wizarding wand from Ollivander's!

Please drop off your favorite stuffed pal at the Barnes & Noble, Waterford Lakes Town Center between 11am and 5pm on July 22nd. Our trusted professors will take down their names, their owner's name, and a contact phone number. We will also ask a little about your friends for the Sorting Hat to take into consideration during their overnight adventure.

Join us at 9am on Saturday, July 23rd to pick up your stuffed animals and see a fun recap of their overnight adventure at Hogwarts castle!
